

# Pleasant Valley Energy Center

The City has purchased 30 MW of intermittent renewable wind energy from Avangrid Renewables, LLC (a subsidiary of Iberdrola USA, Inc.). Energy from the Pleasant Valley Wind Energy Center is delivered through the Northern Transmission System at the Mona interconnection tie into the Los Angeles Department of Water and Power control area.

The City receives and pays for energy only when the units are operating. The 20-year contract expires on June 30, 2025.
