

CITY OF ANAHEIM
PUBLIC UTILITIES DEPARTMENT – WATER ENGINEERING DIVISION
ACKNOWLEDGEMENT OF SUBMETERING REQUIREMENT

The City of Anaheim, Public Utilities Department (Utility) will not provide water service to any multi-unit residential or mixed-use residential development unless individual metering requirements are met for each dwelling unit as required by the California State Water Code, and in accordance with the Utility’s Water Rates, Rules, and Regulations.

I hereby certify that:

- (1) I am an authorized agent of the property located at the address stated below.
- (2) The owner, or authorized agent, of the property referenced below has submitted an application for water service with the City of Anaheim.
- (3) I acknowledge and will comply with all applicable requirements of California State Water Code (Division 1, Chapter 8, Section 537) including, but not limited to:
 - a. Water meters or submeters shall be installed for each individual residential dwelling unit within a newly constructed multiunit residential structure or newly constructed mixed-use residential and commercial structure as a condition of new water service applications (i.e. UWM Plan/Permit) submitted after January 1, 2018.
 - b. Where multi-unit developments will be “master metered” by one or more public water meter connection, the owner/developer shall furnish and install water submeters for each individual unit. Provisions for the ongoing maintenance and operation (including meter billing, if applicable) of the submeters shall be the responsibility of the owner.
 - c. The property owner/developer is responsible for installing required submeters that comply with all laws and regulations governing the approval of submeter types or the installation, maintenance, reading, billing, and testing of submeters, included, but not limited to, the CA Plumbing Code.
 - d. Exempted properties include: Low-income housing, housing at a place of education, long-term health care facilities, time-share properties, and residential care facilities for the elderly (see CA State Water Code for further details).

UWM Permit Number	Submeter compliance method:
	<input type="checkbox"/> Project is Exempt <input type="checkbox"/> Public water meters for all units <input type="checkbox"/> Site is master metered and all units will have private submeters

- (4) Water meters for individual dwelling units and/or submeters are depicted on construction plans submitted for the property referenced below and shall be installed per construction plans as identified in the following:

Permit Number	Sheet Number(s)	# of Individual Meters Installed Per Plan/Permit	Public Meter or Private Submeter
<i>Ex. BLD2018-12345</i>	<i>C4-C5</i>	<i>4</i>	<i>Private submeters</i>
