Subject: Open Records Request

Hello Ms. Bass,

I am an analyst with MSW Consultants, currently performing a benchmarking study in your area. I was hoping that you could help me retrieve a few public documents regarding the City of Anaheim and your trash/recycling hauler, Republic Services, specifically an electronic copy of the following:

- Current residential and commercial trash/recycling collection contract between the City of Anaheim and Republic Services
- Current Collection Pricing Structure

Thank you so much for your time and help. All of my contact info can be found in my email signature.

Best regards,

Maliha Qureshi
