**RE: ORDER NO. 3 – EXTENSION OF REGULATORY RELIEF
FOR RESTAURANTS**

As part of its adoption of the Anaheim Economic Recovery Plan at its March 26, 2020 meeting, the City Council authorized the City Manager to utilize a variety of programs, policies and practices to help the City navigate through the unprecedented challenges of the COVID-19 crisis, and to position the City for a successful recovery following the crisis. To provide transparency to the actions of the City Manager while exercising the authority approved by Council, decisions of the City Manager will be documented through “Order(s) of the City Manager of the City of Anaheim in Furtherance of the Anaheim Economic Recovery Plan,” and will be forwarded to Council and made publicly available on the City website.

Attached is Order No. 3 of the City Manager, which is an extension of Order No. 1, which expired on April 30, 2020. This order would continue regulatory relief provided to full-service restaurants that sell food and alcoholic beverages, as well as alcohol retailers. The order permits the sales of alcoholic beverages “to go” in conjunction with the purchase of food at restaurants, and extends the hours that retailers may sell alcoholic beverages to 2 A.M. The extension of this order brings the City’s policies into alignment with the California Department of Alcoholic Beverage Control’s “Notice of Regulatory Relief” which relaxed these restrictions at the State level “until further notice”. This Order will remain in full force and effect until expressly repealed or superseded by an ordinance of the City Council or by further Order of the City Manager.

City staff is actively evaluating other actions (“Orders”) in furtherance of the City Council’s direction on March 26, 2020, which will be provided to the City Council and posted on the City’s website as soon as they are available.
