**CHECKLIST FOR SELF-EXEMPTION FROM
NPDES RELATED STORM WATER INSPECTION REQUIREMENTS**

Please fill in the following boxes based on the activities that will be performed on site during the term of the building permit for which you are applying.

- Soil Movement (i.e. earthwork, excavation, etc.).
- Uncovered materials (dirt, sand, fertilizer, etc.) that could be carried offsite by wind or rain.
- Exterior mixing of cementaceous products onsite (concrete, mortar, stucco, etc.).

If all three boxes are **not** checked, the applicant is indicating they are exempt from NPDES related storm water inspection requirements.

REQUIREMENTS

- Plot Plan must have wet stamp and signature of California Registered Civil or Structural Engineer.
- Plans must have owner's signature and date of approval on the plan with the following information:
 - Excavated material shall not be spread on the lot without City Approval.
 - Property Owner and/or Contractor are responsible for locating property lines.
 - Owner understands that the pool barrier, including house doors (if applicable) shall comply prior to pre-plaster inspection.

The above schedule covers most common and straight forward permit types. Fees for projects outside of the listed items shall be estimated by the Building Official based on degree of complexity and size. In addition, the Building Official may require a specific amount into a Building Division **Depositor's Trust Fund (DTF)** account in advance of the Building Division processing a request for regulated activities. These projects will be processed in accordance with procedures outlined in **Resolution No. 2018-074**. Where no fee is specified or there is an unusual circumstance, that fee shall be determined by the Building Official and/or as specified in **Resolution 2018-074**.
