What is Neighborhood Services?

Neighborhood Services serves as a single point of contact for residents in need of assistance. Are you unsure of what city department to contact? Do you have questions, ideas or concerns about your neighborhood? We can help! Neighborhood improvement is accomplished by creating partnerships between stakeholders to work on issues of concern and identify actions to address them.

The mission of the Neighborhood Services Division is to facilitate a city-wide effort to improve the “livability” of Anaheim neighborhoods by enabling residents to assist themselves through the creation of partnerships between the city and other community-wide resources.

Helping neighborhoods help themselves.
