In the event a conflict arises between any provision in such written employment or separation agreement approved by the City Council and any provision of these Rules, the said agreement shall control.

Section 1.3 Merit System

- (a) These Rules are promulgated in accordance with the provisions of Article X of the Anaheim City Charter and the provisions of AMC Chapters 1.05 and 1.06 and are based upon established merit principles governing municipal employment. The City's Personnel System shall be administered in accordance with the following standards:
 - (1) Employment by the City of Anaheim shall be based on merit and fitness, free of personal, political, and protected class considerations.
 - (2) Appointments, promotions, and other actions requiring the application of the merit principle shall be based on systematic tests and/or evaluations.
 - (3) Positions having similar duties and responsibilities shall be classified and compensated on a uniform basis.
 - (4) Tenure of employees covered by these Rules shall be subject to good behavior, satisfactory work performance, necessity for the performance of work, the availability of funds, and, when applicable, to a limited-term of service provision provided herein.
 - (5) Improvement of service is encouraged by providing employees with opportunities for training, including training for advancement and general fitness for public service.
 - (6) Employees have the right to pursue work place complaints and shall be protected from retaliation or adverse employment actions for the pursuit of a legitimate work place grievance.

RULE 2 CLASSIFICATION

Section 2.0 Purpose

- (a) The Classification Plan promotes the attraction and retention of qualified employees by providing a structure in which positions having similar duties and responsibilities are classified and compensated on a uniform basis through the use of a consistent methodology for classifying jobs and allocating positions Citywide. The plan supports and facilitates understanding between employees and their supervisors regarding job expectations; establishes consistent entrance qualifications; and ensures equitable compensation for similar work.

Section 2.1 Responsibility

- (a) The Human Resources Director shall be responsible for recommending classification of all positions on the basis of the kind and level of duties and responsibilities, to the end that all positions in the same class shall be sufficiently alike to permit use of a single descriptive title; the same qualification requirements; the same test of competency; and the same salary schedule or salary range.

Section 2.2 Allocation of Positions

- (a) The Human Resources Director is responsible for reviewing, creating, and approving proposed changes to classification specifications in consultation with the appropriate department manager or supervisor. Classification specifications are to be interpreted in their entirety and in relation to other classification specifications within the Classification Plan. Particular phrases or examples are not to be isolated and treated as a full definition of the class. Classification specifications are intended to be descriptive and explanatory of the kind of work performed by all employees in the classification.
 - (1) A job class may contain one (1) or more positions.
 - (2) Creation or deletion of a classification(s) or modifications to the salary schedule shall require City Council approval.
 - (3) All classification specifications must be reviewed by the respective Executive Manager and approved by the Human Resources Director prior to implementation.
 - (4) Executive Managers may request a review if they do not agree with a Human Resources Department classification determination.
 - i. Such review must be submitted in writing to the City Manager within thirty (30) days of the final Human Resources Department's recommendation, including justification for a different determination, for final consideration.

- (5) All employees having supervisory and/or managerial responsibilities shall have access to the current classification specifications for their own position, and any position they supervise or manage.

Section 2.3 Reclassification

- (a) A position may be reclassified on the basis of changes in or re-evaluation of the duties, responsibilities, and/or requirements of the position.
 - (1) The Human Resources Director shall be responsible for recommending and approving such reclassifications.
 - (2) Incumbents may or may not be reclassified with their positions, based upon the recommendation and approval of the Human Resources Director.

RULE 3 COMPENSATION PLAN

Section 3.0 Purpose

- (a) The City's Compensation Plan promotes the attraction and retention of qualified employees by ensuring that employee compensation is internally equitable and competitive with market place practices.

Section 3.1 Compensation Plan

- (a) The Human Resources Director shall be responsible for recommending wages, rates, and salary schedules and/or salary ranges for each Non-Represented Full-Time and Part-Time classifications, and for the job classifications of City Manager, City Attorney, City Clerk, and City Treasurer.
 - (1) Salary structure adjustments adopted by City Council action shall apply to Council Appointees, unless a motion by Council to deny or modify such adjustment is taken.
 - (2) Employees hired to work in any Non-Represented Part-Time classification with a full-time equivalent, or as Part-Time Ambulance Operator, shall be compensated at an hourly rate of pay within the salary range or on the salary schedule established for the equivalent full-time classification.

Section 3.2 Job Evaluation

- (a) The City shall utilize a formal job evaluation system to establish the relative worth of individual jobs; ensure appropriate internal pay relationships; and determine the appropriate leveling of job classifications within the pay structure.
 - (1) The job analysis process shall be the responsibility of the Human Resources Department.
 - (2) Factors to be considered in the evaluation of the relative worth of individual jobs may include, but is not limited to, an assessment of: level of organizational responsibility; required job knowledge (education, experience, and training); supervision, exercised and received; scope of fiscal accountability; and necessity for written and/or oral communication skills.
 - (3) As part of the job evaluation process, internal salary relationships will also be reviewed in an effort to address specific compaction issues in individual operating departments or occupational groupings.

Section 3.3 Market Compensation Analyses

- (a) The City's optimal market positioning is to be competitive with the prevailing market practices for fully qualified employees when base pay, incentive pay, and/or

total compensation comparisons are made. The relative positioning to the market will vary for each position, job classification, and occupational grouping that is compared and may change at different points in time. The definition of comparable labor market agencies will be evaluated over time and change as the labor market changes.

RULE 4 SALARY ADMINISTRATION

Section 4.0 Purpose

- (a) The purpose of this Section is to maintain a compensation program that will attract and retain qualified employees at all levels of responsibility. Employee compensation shall be externally competitive and internally consistent and fair. In addition, the salary structure shall provide the flexibility required (based upon availability of funds) to reward employees on the basis of individual performance and contribution. City of Anaheim employees shall be paid a salary or wage within the classification range established by salary resolution(s) recommended by the Human Resources Director and approved by City Council.

Section 4.1 General

- (a) Employees shall be assigned to classifications that are compensated on an hourly or an annual basis. Employees compensated on an hourly basis shall be designated “Hourly Employees” and employees compensated on an annual basis shall be designated “Salaried Employees.” Hourly Employees shall be assigned to a classification in which the pay rate is determined by placement on a step in the applicable salary schedule. Salaried Employees shall be assigned to a classification in which the pay rate is any annual amount within a specified salary range.
- (b) A Salaried Employee’s placement within a salary range is referred to as the employee’s compa-ratio, which is determined by dividing the employee’s annual rate of pay into the market point of the applicable salary range. For Salaried Employees, the frequency and amount of increases is partially dependent upon the employee’s compa-ratio.

Section 4.2 New Hires – Hourly Employees

- (a) Newly hired Hourly Employees shall normally be compensated at the lowest step of the salary schedule of the job class for which they are hired. When a prospective employee’s experience and qualifications require special consideration, an Executive Manager may authorize the Human Resources Department to offer a higher step in the salary schedule. Salary steps greater than the seventh (7th) step require approval of the Human Resources Director.
- (b) The provisions of this Rule may also apply to reemployed and reinstated employees in accordance with Rule 11 – Layoff, Reassignment, and Reemployment and/or Rule 12 – Reinstatement.

Section 4.3 New Hires – Salaried Employees

- (a) Salary offers shall be between the “Minimum” and “Market” of the applicable salary range and shall reflect the prospective employee’s experience and qualifications. Employees hired at the Minimum are presumed to be qualified to perform the duties and responsibilities of the job classification into which they are

hired. If external considerations require hiring an employee at a higher rate, the Human Resources Director may approve a rate above the Market of the salary range. Appointments above the Control Point are subject to the recommendation of the Human Resources Director and the approval of the City Manager. Under no circumstances may the salary offer exceed the “Maximum Point.”

- (1) The City Manager may appoint persons to an Administrative or Executive level position at any salary within the applicable Administrative or Executive salary range.
- (2) New employees shall be paid at no less than the Minimum of the salary range. New employees may be hired above the Minimum of the range only if they possess experience, education, and/or qualifications that exceed the minimum standards established for the position.
- (3) As set forth in Rule 16 “Vacation,” the Human Resources Director may approve a one-time crediting of a vacation time bank and/or may approve an increase in service credits for vacation accrual rates for new hires to Management level job classes.

Upon completion of each Performance Review Plan, the City Council, by a majority vote of its entire membership, shall rate the performance of each appointee for such period. The City Council shall meet with each appointee and discuss the employee's Performance Review Plan rating. The City Council shall also inform the Human Resources Director for such purpose. Failure of the City Council to conduct or complete any Performance Review Plan on time shall not affect any merit pay increase otherwise authorized.

Appointees with a pay rate in the lower third of their range may also be eligible for consideration for an additional merit increase effective on the first (1st) day of the bi-weekly pay period following January 1. The Human Resources Director is directed to implement such merit increases in accordance with these policies.
 - (2) Notwithstanding the provisions of Section 4.7(a)(1) above, an appointee shall not receive the annual merit increase if the City Council, by majority vote of its entire membership, establishes a different date for or a different amount of such merit increases, or determines to grant no merit increase for such appointee.

However, in some departments, individuals may take on additional assignments and responsibilities at a higher level while maintaining their current job for a limited duration.
 - (4) The appointee in all cases must meet the requirements as provided in the job description of the acting title. The appointee’s background will be reviewed to ensure that the appointee meets the minimum requirements.

If the provisional appointee is placed in the position through a competitive process after serving in a provisional capacity, the action will be a status change from provisional to probationary and the appointee's merit review date will remain the same.
- (e) In the event that any provisional appointee fails to qualify on the eligibility list or is not selected as established within the appropriate time frames of the provisional appointment, said provisional appointment shall end and the provisional appointee shall be terminated.
- (f) If it is not possible to establish an eligibility list for any reason, the City Manager, upon recommendation from the Human Resources Director, may approve a provisional appointee to a probationary appointment provided that the department
