

Water Engineering Division

UWM Permit Number

Form 2 - Acknowledgement of Submetering Requirements

The City of Anaheim, Public Utilities Department (Utility) will not provide water service to any multi-unit residential or mixed-use residential development unless individual metering requirements are met for each dwelling unit as required by the *California State Water Code*, and in accordance with the Utility's *Water Rates, Rules, and Regulations*.

I hereby certify that:

1. I am an authorized agent of the property located at the address corresponding to the UWM case noted above.
2. The owner, or authorized agent, of the subject property has submitted a water service application to the Utility, and the subject project's permit number has been provided in the box at the top right of this page.
3. I acknowledge and will comply with all applicable requirements of *California State Water Code (Division 1, Chapter 8, Section 537)* including, but not limited to the following requirements:
 - a. Water meters or submeters shall be installed for each individual residential dwelling unit within a newly constructed multi-unit residential structure or newly constructed mixed-use residential and commercial structure as a condition of new UWM applications submitted after January 1, 2018.
 - b. Where multi-unit developments will be "master metered" by one or more public water meter connection(s), the owner/developer shall furnish and install water submeters for each individual unit. Provisions for the ongoing maintenance and operation (including meter billing, if applicable) of the submeters shall be the responsibility of the owner.
 - c. The property owner/developer is responsible for installing required submeters that comply with all laws and regulations governing the approval of submeter types or the installation, maintenance, reading, billing, and testing of submeters, included in, but not limited to, the *CA Plumbing Code*.
 - d. Exempted properties include: Low-income housing, housing at a place of education, long-term health care facilities, time-share properties, and residential care facilities for the elderly (see *CA State Water Code* for further details).

Submeter Compliance Level:	<input type="checkbox"/> Project is exempt <input type="checkbox"/> Public water meters for all units <input type="checkbox"/> Site is master metered and all units will have private submeters
-----------------------------------	---

4. Water meters for individual dwelling units and/or submeters are depicted on construction plans submitted for the property referenced below and shall be installed per construction plans as identified in the following:

Permit Number	Sheet Number(s)	# of Individual Meters Installed Per Plan/Permit	Public Meter or Private Submeter
<i>Ex. BLD2018-12345</i>	<i>C4-C6</i>	<i>4</i>	<i>Private submeters</i>
