#### Design-Builder Questions and Answers

- Q1 Part IV-A and Part IV-B indicate there are 8 questions for each. However, there are only 7 questions in Part IV-A for the Design-Builder to fill out, and 6 in Part IV-B for the Engineer. Are there any questions missing? Are there any combined?
- A1 **This is a typo. Part IV-A has seven (7) questions and Part IV-B has six (6) questions.**
- Q2 How can we indicate confidentiality for items in the SOQ like legal answers or financial statements?
- A2 **Respondents may transmit financial statements directly to [bmedina@anaheim.net](mailto:bmedina@anaheim.net) on or before the due date. All other information respondents deem confidential shall be submitted with the Statement of Qualifications and may be marked as such. All information submitted for evaluation will be considered official information acquired in confidence, and the City will maintain its confidentiality to the extent permitted by law.**
- Q3 In addition to certification and relevant project experience, is there any other specific information the City would like to see reflected on the resumes?
- A3 **List years of experience, education (i.e. degrees, licenses, and certifications), project experience, and other information to demonstrate the experience and background required to fulfill the assigned project responsibilities of each key personnel proposed.**
- Q4 Is there a page limit to resumes?
- A4 **No. While respondents are encouraged to provide sufficient information to allow the City to properly evaluate and assess qualifications of key personnel, respondents should provide relevant information, be concise, and be mindful of the amount of material and information that evaluators will be reviewing in total.**
