Date: August 10, 2021

RE: Central Library Outdoor Space Improvement, Phase 2 and Euclid Library Outdoor Space
Account Nos. 235-213-4796-9601 and BLD2020-02649 and Euclid Library Outdoor Space 235-213-4755-9601 and BLD2021-00343 and GRA2020-03567 Re-bid
This project is CDBG Funded – Federally Funded

FOR INFORMATION ONLY, the Department of Public Works is advertising for bids to install additional features and amenities at the existing Central Library Outdoor Space and the Euclid Library Outdoor Space. The Improvements are located at 500 West Broadway, Anaheim, CA 92805 and 1344 S. Euclid Street, Anaheim, CA, 92802. PLEASE NOTE THAT THERE ARE TWO (2) CONSTRUCTION SITES.

This project was awarded on 7/20/2021, however there were certain federal funding documents inadvertently omitted from the bid documents which precludes the City from receiving its federal funds. In order to receive federal funding, the City will re-bid the subject project with the appropriate federal funding documentation, then rescind and re-award the project at the 10/5/2021 council meeting.

The work to be undertaken at the Central Library Outdoor Space consists of installing a 22' x 24' shade structure, pedestrian maintenance gate, security lights, convenience outlets, and all appurtenant work as shown on the approved plans and delineated in the specifications.

The work to be undertaken at the Euclid Library Outdoor Space consists of installing a 18' x 18' cantilever wing shade structure, ADA accessible concrete path, lighting, convenience outlets, security camera conduit, burnished concrete block seat walls, pervious concrete pavers, flagstone, decomposed granite, small retaining wall with drainage scuppers, decorative safety fence, art piece, landscape and drip irrigation, and all appurtenant work as shown on the approved plans and delineated in the specifications.

The projects will improve safety and usability of each library's existing outdoor space by adding much needed shade, lighting for nighttime programming, visibility and safety, and convenience outlets to allow for a wider range of educational programming within the spaces.

Project Funding Source for both projects: Community Development Block Grant (CDBG) Program, which is a **Federal Fund**.

10% bid bond required. Required License Classification: Engineering "A" or "B". DIR Certification is required for prime and subcontractors. Liquidated Damages will be One Thousand Dollars (\$1,000.00) per day. See Attachment "A" for additional project information.
