*Per California State Law, if you, the property owner, will be coming to our office to get a permit, we will provide you with this form when you arrive. If you are sending your agent, please complete, initial, and sign the information below. Also make sure that you have provided your agent with a signed <u>Authorization to Act on Behalf of the Property Owner Form</u> with the required forms of identification.

Dear Property Owner: An application for a building permit has been submitted in your name listing yourself as the builder of the property improvements specified at
We are providing you with an Owner-Builder Acknowledgment and Information Verification Form to make you aware of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder.
We will not issue a building permit until you have read, initialed your understanding of each provision, signed, and returned this form to us at our official address indicated. An agent of the owner cannot execute this notice unless you, the property owner, obtain the prior approval of the permitting authority.
OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION DIRECTIONS: Read and initial each statement below to signify you understand or verify this
information.
1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.
2. I understand building permits are not required to be signed by property owners unless they are responsible for the construction and are not hiring a licensed Contractor to assume this responsibility.
3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and naving the permit filed in his or her name instead of my own.
4. I understand Contractors are required by law to be licensed and bonded in California and to list heir license numbers on permits and contracts.
5. I understand if I employ or otherwise engage any persons, other than California licensed Contractors, and the total value of my construction is at least five hundred dollars (\$500), including abor and materials, I may be considered an "employer" under state and federal law.
6. I understand if I am considered an "employer" under state and federal law, I must register with
